Subject: RE: Boxer Calls on EPA to Take Necessary Steps to Protect the Communities Affected by the Major Wastewater Spill from the Gold King Mine in Colorado

Kate,

We're doing a story on the political impact of the spill on EPA's credibility. Would Sen. Boxer have a moment to speak by phone today?

Thanks,

Michael

Will do, Michael.

Thanks.

Hi Michael – saw that you have been covering this and wanted to make sure you saw this letter from Sen. Boxer that was sent to EPA this afternoon. Let us know if you have any questions.

Best,

Kate

U.S. Senate Committee on Environment and Public Works

Senator Boxer Calls on EPA to Take All Necessary Steps to Protect the Communities Affected by the Major Wastewater Spill from the Gold King Mine in Colorado

Washington, D.C. -- Today Senator Barbara Boxer (D-CA), Ranking Member of the Environment and Public Works (EPW) Committee, sent a letter to Environmental Protection Agency (EPA) Administrator Gina McCarthy calling on

EPA to take all necessary steps to address the wastewater spill from the Gold King Mine in Colorado.

The full text of the letter is below and can be found [here](#).

August 11, 2015

The Honorable Gina McCarthy

Administrator

U.S. Environmental Protection Agency

William Jefferson Clinton Federal Building

1200 Pennsylvania Ave. NW

Washington, DC 20460

Dear Administrator McCarthy:

Thank you for providing your senior staff for a briefing today on the wastewater spill from the Gold King Mine in Colorado into the Animus River. I am writing to follow up on the Environmental Protection Agency's (EPA) efforts to address this serious spill, which released an estimated 3 million gallons of contaminated water containing high levels of dangerous toxins, including arsenic, lead and other heavy metals. This spill is already impacting several states as well as Indian Tribes.

I know you agree that protecting the health of the families and children that are affected by this large release of contaminated wastewater must be the EPA's top priority. EPA must commit to do whatever is necessary to mitigate the spill and its impacts.

I ask that you keep me regularly informed of the Agency's actions, as well as of the results of the ongoing investigation of this incident. In addition, I request that you commit to taking immediate action to ensure that EPA provides timely information to the affected communities and coordinates efforts with federal, state and local officials as the cleanup and investigation continue. I also urge EPA to take steps to ensure that a similar incident does not happen in the future.

Thank you for your cooperation with this request.

Sincerely,

Barbara Boxer

Ranking Member
